

# Albany Wing NHNN University College London Hospital

## Contract Details

Value: £230k

Client: UCLH NHS

Arch: Devereux Architects

QS: Ridge

The contract comprised of two separate 4-week phase projects within a listed and live hospital environment. The works included the complete fit out of new M&E services as well as a new Oxygen Manifold Room, to the current hospital technical service legislation.

The works also included the supply and installation of an ADL Kitchen.
